

CURRICULUM VITAE

Na-Jin Park, PhD, RN

parknj1@pitt.edu

EDUCATION AND TRAINING:

March 1987 - Feb. 1991	Pusan National University Pusan, South Korea	BSN Nursing
March 1995 - Aug. 1997	Pusan National University Pusan, South Korea	MSN Nursing: Health Promotion
	<i>Thesis: Determinants of health promoting behaviors in industrial Workers</i> [Advisor: Jung Soon Kim, PhD, RN]	
Sep. 2000 - Aug. 2006	University of Alabama at Birmingham, AL	PhD Nursing: Psychoneuroimmunology (PNI), Biobehavioral Cancer Research focus
	<i>Dissertation: Effects of breast cancer risk, psychological distress, and dispositional optimism on immune response in healthy women</i> [Advisor: Duck-Hee Kang, PhD, RN]	
June 3 - 28 2013	Summer Genetics Institute 2013 Training Fellow National Institute of Nursing Research, National Institutes of Health, Bethesda, MD	

LICENSURE AND CERTIFICATION:

12/31/2012	RN: 1-094807	Alabama
10/31/2024	RN: 631888	Pennsylvania

PROFESSIONAL EXPERIENCE:**Academic**

Nov. 1, 2022 – Present	University of Pittsburgh Pittsburgh, PA	Assistant Professor
2012 – June 2020	University of Pittsburgh Clinical & Translational Science Institute	Assistant Professor (Secondary Appointment)
Aug. 2011- June 2020	University of Pittsburgh Pittsburgh, PA	Assistant Professor
Sep. 2006 – July 2011	University of Alabama at Birmingham, AL	Assistant Professor
2002 - 2006	University of Alabama at Birmingham, AL	Research Assistant
	<p>Psycho-immune Outcomes: Intervention in Breast Cancer [NINR # R01 NR004930, PI: Duck-Hee Kang]</p> <ul style="list-style-type: none"> • Performed various immune assays: natural killer cell assay, lymphokine-activated killer cell assay, lymphocyte proliferation, cytokine assay, and cell marking for FACS analysis, etc. • Managed and analyzed data for presentations and publications. • Managed the PNI lab adhering to regulatory standards. • Collaborated with other research staff and directed graduate students. 	
2000 - 2003	University of Alabama at Birmingham, AL	Graduate Fellow
1998 - 1999	Donggeui University Pusan, South Korea	Instructor (Clinical Nursing Foundation)
1998 - 1999	Sorabol College Kyongju, South Korea	Instructor (Pediatric Nursing)
Non-Academic/Clinical		
1994 - 1997	Korean Air Pusan, South Korea	Senior Nurse Occupational Health Center
1992 - 1994	Pusan Adventist Hospital Pusan, South Korea	Staff Nurse Med/Surg Intensive Care Unit
1991 - 1992	Sang-Gae Baek Hospital Seoul, South Korea	Staff Nurse Operating Room

HONORS AND AWARDS:

May 7- 8, 2015	Received Travel Award to attend the 2015 Women's Health Initiative Investigator's meeting, National Heart, Lung, and Blood Institute (NHLBI), NIH, Rockville, MD
June 3 - 28, 2013	Selected as a training fellow for the NINR 2013 Summer Genetics Institute, National Institute of Nursing Research (NINR), National Institutes of Health
2012 - 2015	University of Pittsburgh Clinical and Translational Science Institute (CTSI) Clinical Research Scholar, NIH KL2 Institutional Career Development Award, NIH/National Center for Advancing Translational Sciences
2012	Best Oral Research Presentation Award, 2012 Chicago International Nursing Conference, Global Korean Nursing Foundation-Korea and USA, Glenview, IL
2007	2007 Council for the Advancement of Nursing Science Scholar American Nurses Foundation, Silver Spring, MD
2006	2 nd place for student competition of oral presentation at 83 rd Annual Meeting of the Alabama Academy of Science, Troy, AL
2005	Doctoral Student of Excellence, School of Nursing Alumni Chapter of the University of Alabama at Birmingham National Alumni Society, Birmingham, AL
2005	Outstanding Doctoral Student in Nursing, 30 th Annual Honors Convocation, University of Alabama at Birmingham, Birmingham, AL
2004 – 2007	Pre-doctoral Traineeship Award (Individual: (W81XWH-04-1-0352) Department of Defense (DOD) Breast Cancer Research Program
2002	Inducted to Sigma Theta Tau International Honor Society for Nursing
2000 - 2003	Graduate Student Fellowship, University of Alabama at Birmingham Birmingham, AL
1995 - 1997	Graduate Fellowship, Pusan National University, Pusan, South Korea

RESEARCH:

2018 - 2020	Consultant	“Perceived stress, depressive symptom, and the mediating role of cortisol and C-reactive protein on blood pressure, body mass, and central adiposity in 10-12-year-old children: a pilot study” 2018 SNRS Research Grant Award Funded by the Southern Nursing Research Society (SNRS) (\$6,295) PI – Thuy Lynch, University of Alabama at Huntsville School of Nursing
-------------	------------	---

2013 - 2015	Co-I	<p>“Biobehavioral Mechanisms of Symptoms and Cancer Treatment Adherence Hub” Funded by the Dean’s Office, University of Pittsburgh School of Nursing (\$20,000) PI/Hub Coordinator – C. Bender</p>
2012 - 2015	PI	<p>“Adjuvant Therapy, Inflammation, and Cardiovascular Risk in Breast Cancer Survivors” 2013 Small Grant Award of the Central Research Development Fund (CRDF) Funded by the Office of Research and the University Research Council, University of Pittsburgh (\$16,000)</p> <p>- The goal of this study was to explore the individual and interactive effects of adjuvant therapy and pre-existing cardiovascular disease risk factors on inflammatory biomarker responses (CRP and IL-6) and the stability of biomarkers over a 6-month period among postmenopausal women with primary, early-stage, hormone receptor-positive breast cancer (N = 104).</p>
2012 - 2015	PI	<p>“Adjuvant Therapy, Inflammation, and Cardiovascular Risk in Breast Cancer Survivors” University of Pittsburgh’s Clinical and Translational Science Institute (CTSI) KL2 Multidisciplinary Clinical Research Scholars Award (8KL2TR000146-07) Funded by NIH/National Center for Advancing Translational Sciences (\$102,565.18 per year; 75% effort)</p> <p>- The goal of this pilot study was to explore the effect of adjuvant therapy with aromatase inhibitors on inflammatory biomarker responses (CRP and IL-6) and the moderating effects of pre-existing environmental cardiovascular risk factors and genetic variations of CRP and IL-6 genes on the adjuvant therapy-inflammation relationships among postmenopausal women who have survived 2 years or longer from early-stage, hormone receptor-positive breast cancer.</p>
2009 - 2011	Consultant	<p>Leadership and Education in Child Health Nursing (LECHN) Funded by Agency for Healthcare Research and Quality PI – M. Rice & A. Turner-Henson, UAB School of Nursing Faculty Consultant for Biobehavioral Research Methodology</p>
2007 - 2008	PI	<p>“Breast Cancer Risk Factors and Biological Responses in Healthy Premenopausal Women” 2007 American Nurses Foundation / Council for the Advancement of Nursing Science (2007-85) Funded by American Nurses Foundation Nursing Research Grant Program (\$25,000)</p>

		<p>- The goal of this study was to examine individual and interactive effects of breast cancer risk factors on the selected biological responses relevant to angiogenesis along with the stability and predictability of those relationships by using repeated measures of two time points among healthy premenopausal women (N = 102).</p>
2007 - 2008	PI	<p>“Breast Cancer Risk Factors and Biological Responses” Dean’s Research Award for New Faculty Funded by University of Alabama at Birmingham (UAB) School of Nursing (\$10,000)</p> <p>- The goal of the pilot study was to examine individual and interactive effects of breast cancer risk factors on the selected biological responses relevant to angiogenesis (e.g., adiponectin, vascular endothelial growth factors, and insulin-like growth factor 1) and female sex hormones (e.g., estradiol) among healthy premenopausal women.</p>
2007 - 2011	Co-I	<p>“Managed Preventive Care for Employee Health” R01 research funded by National Occupational Research Agenda, National Institute of Occupational Safety and Health (\$600,000) PI – K. Brown, UAB School of Nursing</p>
2004 - 2007	PI	<p>“Genetic Risk of Breast Cancer, Distress, and Immune Response” Individual Pre-doctoral Traineeship Award (W81XWH-04-1-0352) Funded by Department of Defense (DOD) Breast Cancer Research Program (\$59,972)</p> <p>- The goal of this study was to examine the relationships among objective (genetic) and subjective breast cancer risk, psychological distress, dispositional optimism, and immune response (e.g., natural killer cell activity and Type 1/Type 2 immune cytokines) in healthy women at risk of breast cancer (N = 126).</p>
2002 - 2003	Co-I	<p>“Predictors of Health Behaviors in College Students: Application of Health Belief Model” Journal club research project funded by Sigma Theta Tau International Nu Chapter Research Grant Program (\$500) PI – D. Von Ah, UAB School of Nursing</p> <p>- The goal of this study was to determine mediators and moderators in predicting health behaviors (e.g., smoking) among college students (N = 161) using the Health Belief Model.</p>
2001 - 2006	Research Assistant/ Full-time Lab Manager	<p>“Psycho-immune Outcomes: Intervention in Breast Cancer” R01 NR04930 Funded by National Institutes of Health, National Institute of Nursing Research (\$ 1,679,071) PI – D. Kang, UAB School of Nursing</p>

- The major goal of the randomized clinical trial was to determine the impact of an integrative intervention (stress management and exercise) on psychosocial well-being, immune responses, and clinical symptoms over one year in women newly diagnosed with breast cancer and underwent cancer treatment (N = 100).
