ACADEMIC POLICIES AND PROCEDURES FOR THE
UNDERGRADUATE AND GRADUATE PROGRAM

TITLE OF POLICY: **LIABILITY INSURANCE FOR UNDERGRADUATE AND GRADUATE STUDIES**

ORIGINAL DATE: **FEBRUARY 1997**

LAST REVIEWED/REVISED: **APRIL 2017**

POLICY: All students must participate in a blanket professional liability insurance policy offered through the University. This policy covers a student acting within the scope of his/her duties as a student in the School of Nursing. Coverage for actions outside of the student role will need to be obtained through a separate professional liability insurance policy and will be the responsibility of the individual student.

PROCEDURE:

1. Students will be billed for the liability insurance fee one time within the academic year.

Students are not permitted to participate in clinical activities with clients or attend nursing classes until the liability insurance fee has been paid.

Primary teachers will be notified by Student Affairs and Alumni Relations of any students who have not met this requirement. Upon completion of this requirement, the student must obtain a release from Student Affairs and Alumni Relations and present it to the Primary Instructor.

2. Students who enroll for only one term will be billed one time during that term of enrollment.
